

DIGITAL NUTRITION SCALE

The leading member of the *Specialty Scales Series*, the Digital Nutrition Scale (SD1106) displays nutritional data along with units of measure. It comes with a list of 999 food codes from the USDA National Nutrient Database that can be entered to generate information on calories, sodium, protein, fat, carbohydrates, cholesterol and fiber. It also performs traditional scale functions, showing accurate measurements in ounces, grams, fluid ounces or milliliters. With a metallic silver tempered glass platform and LCD display.

FEATURES
