

## COOKING THERMOMETER

CDN's Cooking Thermometer (IRT220), a best-seller in the line, is NSF<sup>®</sup> Certified and features a recalibration tool built into the sheath, adding convenience to this foodservice essential. Made from 304 stainless steel with a magnified dial, the IRT220 has a shatterproof lens.

CDN's Cooking Thermometer with Calibration Tool (IRT220-CAL), gives an old favorite a new twist with an improved calibration wrench built into the sheath. Available in single package (IRT220-CAL) and twin pack (IRT220-CAL-X2).

The Cooking Thermometer Display Pack (IRT220-pack) comes with 12 thermometers and is value priced.
