

## DIGITAL GLASS SCALE

The flagship model of the *Glass Scales Series*, the CDN Digital Glass Scale (SD1102) was designed for simplicity and style. It offers intuitive operation for accurately measuring pounds, ounces, grams or milliliters. This compact, ultra-thin model is 6.5-inches by 8-inches, with an attractive tempered glass top in solid silver, black, red, blue, or a contemporary sandblast pattern on black. Easy to use and easy to clean.
